Organisational Area	St. John's Hospital Limerick, UL Hospitals Group, HSE Mid - West
Post Specific Information	Details on this campaign can be found at http://www.stjohnshospital.ie/management-and-administration/recruitment/
Details of Service/ Background to the post	<p>St John's Hospital, Limerick is a Voluntary Hospital founded in 1780 by the Little Company of Mary Sisters. It is a Model 2S, acute general hospital funded by the HSE and member of University of Limerick Hospitals Group (ULHG). It is a longstanding teaching hospital for medical, nursing and allied healthcare professional staff and is an academic partner of the University of Limerick. The hospital provides a wide range of inpatient and outpatient services, including general medicine, general surgery, urology, gynaecology and endoscopy services. The hospital also has an Urgent Care Centre incorporating a Local Injuries Unit and Medical Assessment Unit. The Injury Unit is the busiest in the Midwest region and second busiest Unit nationally after the Mercy Hospital (Source: HSE BIU data October 2022)</p> <p>We are committed to providing the highest quality service to all our patients in a professional, safe and caring environment. We endeavour to provide an effective, efficient service in a timely manner at all times with equal access for all our patients. We aim to provide individual patient centred care to each patient and their families and to promote patient participation in their care. We encourage good interpersonal relationships and we collaborate extensively with key external stakeholders including the HSE, Voluntary Healthcare Forum and other local healthcare providers. We promote staff and service development through education, motivation and encouragement. We are committed to providing an effective learning environment for both present and future health service staff.</p> <p>The Hospital has a total of 99 beds – 89 In-Patient beds and 10 Day Care beds. The In-Patient specialties are General Medicine, General Surgery and Gynaecology. We also have an Urgent Care Centre</p>

	<p>incorporating a Local Injuries Unit and Medical Assessment Unit. We are a Teaching Hospital affiliated to the University of Limerick. Our 5-year Strategy (2022-2027) includes a key business plan for a new in-patient bed block to be built on site, bringing the total number of beds on site to 200. We are working with the HSE to support our business plan by approving funding for the development and resources needed for the additional bed capacity.</p> <p>Other clinical services provided on site include:</p> <ul style="list-style-type: none"> • Consultant Out-Patient Clinics • Diagnostic Radiological and Laboratory services • Day Surgery • Clinical Nurse Specialists in the areas of Diabetes, Continence Management, Respiratory Care, Tissue Viability, Infection Control, Palliative Care and Pain Management • A Dietetic service providing nutritional assessment, dietary advice, education and evaluation • Occupational Therapy • Speech and Language Therapy • Social worker support • Physiotherapy services • Chaplaincy Service <p>Clinical Research and Innovation:</p> <p>We have an active Audit, Research and Innovation Committee and an on-site Rapid Innovation Unit which collaborates with clinical staff across UL Hospitals to enhance patient experience, producing many pioneering quality improvement initiatives. This “Science Foundation” sponsored unit uses 3D printing and other engineering pathways to find live patient-centric digital manufacturing solutions to bedside care issues.</p>
<p>Our purpose, mission, vision and values</p>	<p><u>Our Purpose</u> Together we work to enhance the health and wellbeing of all those in our care and inspire those who deliver it every day.</p> <p><u>Our Vision</u> To be a leading provider of healthcare services where innovation and excellence are at the heart of the patient experience.</p> <p><u>Mission statement</u> Faithful to our tradition, we provide the highest possible standard of care and treatment in a professional and compassionate manner to every person who avails of our services.</p> <p><u>Our Values</u> To listen to each other and seek opportunities to help and support one another</p> <p>To deliver high quality, safe and reliable healthcare in accordance with evidence based best practice in an effectively managed and maintained environment.</p>

	<p>To provide healthcare based on the assessed needs and preferences of our service users which ensures mutual respect, holistic care and continuous learning and training.</p> <p>To deliver excellence in care through monitoring, evaluating and continually improving our services.</p>

Staff must be aware of the responsibilities placed on them under the Health and Safety at Work Act (2005), and to ensure that agreed safety procedures are carried out to maintain a safe environment for employees, patients and visitors.</p>
Children First Act	<p>Schedule 2 of the Children First Act 2015 specifies that this post falls under the classes of persons as “Mandated Persons” for the purpose of the Act. As a mandated person, under the legislation you are required to report any knowledge, belief or reasonable suspicion that a child has been harmed, is being harmed, or is at risk of being harmed. It is a requirement</p>

	of this post that you complete the HSE Land training in relation to Children First and any other training the Hospital deems appropriate in this regard
GDPR	The post holder is obliged to adhere to General Data Protection Regulations 2018. All staff who have access to patients' care records have a responsibility to ensure that these are maintained efficiently and that confidentiality is protected in line with the Hospital's Confidentiality Policy. Staff are also subject to this obligation both on an implied basis and also on the basis that, on accepting their job description, they agree to maintain both patient/client and staff confidentiality. In addition, all health professionals are advised to compile records on the assumption that they are accessible to patients in line with FOI and GDPR 2018. Hospital policies and procedures at all times. Details of the Hospital's policies are available on the intranet.
Infection Prevention and Control	The post holder is obliged to adhere to Hospital policies and procedures relating to Hand Hygiene and Infection Prevention and Control. Have a working knowledge of Health Information and Quality Authority (HIQA) Standards as they apply to the role for example, Standards for Healthcare, National Standards for the Prevention and Control of Healthcare Associated Infections, Hygiene Standards etc.
Health & Safety	<p>It is the responsibility of line managers to ensure that the management of safety, health and welfare is successfully integrated into all activities undertaken within their area of responsibility, so far as is reasonably practicable. Line managers are named and roles and responsibilities detailed in the relevant Site-Specific Safety Statement (SSSS).</p> <p>Key responsibilities include:</p> <ul style="list-style-type: none"> • Developing a SSSS for the department/service¹, as applicable, based on the identification of hazards and the assessment of risks, and reviewing/updating same on a regular basis (at least annually) and in the event of any significant change in the work activity or place of work. • Ensuring that Occupational Safety and Health (OSH) is integrated into day-to-day business, providing Systems of Work (SOW) that are planned, organised, performed, maintained, and revised as appropriate, and ensuring that all safety related records are maintained and available for inspection. • Consulting and communicating with staff and safety representatives on OSH matters. • Ensuring a training needs assessment (TNA) is undertaken for employees, facilitating their attendance at statutory OSH training, and ensuring records are maintained for each employee. • Ensuring that all incidents occurring within the relevant department/service are appropriately managed and investigated in accordance with HSE procedures². • Seeking advice from health and safety professionals through the National Health and Safety Function Helpdesk as appropriate. • Reviewing the health and safety performance of the ward/department/service and staff through, respectively, local audit and performance achievement meetings for example. <p>Note: Detailed roles and responsibilities of Line Managers are outlined in local SSSS.</p>
Professional Registration	If you are employed in an area of work which requires membership of a professional body in order to practice (e.g. Nursing & Midwifery Board of Ireland), it is a condition precedent of your employment to maintain membership of such professional body. It is also your responsibility to comply with the relevant body's code of practice. You are required to advise the Hospital if your professional body in any way limits or changes the terms of your registration. Failure to remain registered or to comply with

	<p>the relevant code of practice may result in temporary downgrading, suspension from duty and/or disciplinary action, which may result in the termination of your employment.</p>
<p>Termination of Employment</p>	<p>Two months' notice in writing, on either side, except in circumstances where the Hospital authority is of the opinion that the holder of the office has failed to perform satisfactorily the duties of his/her office or has misconducted himself/herself in relation to such office or is otherwise unfit to hold office.</p> <p>The mandatory retirement age for new entrant staff in employment in the public service after 1st January 2013 is 70 years.</p> <p>All other appointees in accordance with HR Circular 029/2018 who have not already reached their retirement age before 26th December 2018 will have the choice to work beyond the age of 65 to age 70 if they so choose.</p>
<p>Protection of Persons Reporting Child Abuse Act 1998</p>	<p>This post is one of those designated in accordance with Section 2 of the Protection of Persons Reporting Child Abuse Act, 1998. You will remain a designated officer for the duration of your appointment in this post or for the duration of your appointment to such other post as is included in the categories specified in the Ministerial Direction. Such officers will, on receiving a report of child abuse, formally notify the Senior Social Worker in the community care area in which the child is living.</p>
